

# Woods and Water

## A bibliography

Recent publications by  
Forest Research scientists  
2014

Forest Research is the Research Agency of the Forestry Commission and is the leading UK organisation engaged in forestry and tree related research. The Agency aims to support and enhance forestry and its role in sustainable development by providing innovative, high quality scientific research, technical support and consultancy services.

**Publications from other organisations/Peer-reviewed journals**

## Forestry Commission and Forest Research publications

Broadmeadow, S., Nisbet, T.R., Silgram, M. and Morrow, K. 2009. Opportunity mapping for woodland creation to meet the objectives of the Water Framework Directive. *Final report to Forestry Commission England*.

Broadmeadow, S. and Nisbet, T. 2010. Opportunity mapping for woodland to reduce flooding in the River Derwent Cumbria. *Final report to Cumbria Woodlands, for the Woodland Trust, Natural England and Forestry Commission England*. Forest Research, Surrey (62 pp).

Broadmeadow, S. and Nisbet, T.R. 2010. Opportunity mapping for woodland to reduce flooding in the Yorkshire and the Humber region. Forest Research *Monograph*, 1, Forest Research, Surrey (64 pp).

Broadmeadow, S. and Nisbet, T.R. 2012. National map of woodland creation opportunities: targeting eWGS to help meet the objectives of the WFD and reduce flood risk in England. *Final Report to Forestry Commission England*. Forest Research, Alice Holt Lodge, Surrey (29 pp).

Broadmeadow, S., Thomas, H. and Nisbet, T.R. 2012. Midlands Woodland for Water Project, Phase 1: Opportunity mapping. *Final Report to the Environment Agency* (101 pp) Forest Research.

Broadmeadow, S., Thomas, H. and Nisbet, T.R. 2013. Yorkshire & North East England Woodland for Water Project, Phase 1: Opportunity mapping. *Final Report to the Environment Agency* (56 pp) Forest Research.

Broadmeadow, S., Thomas, H., Shah, N. and Nisbet, T.R. 2013. Opportunity mapping for woodland creation to improve water quality and reduce flood risk in the River Tay catchment – a pilot for Scotland. *Final Report to FC Scotland and SEPA* (40 pp).

Nisbet, T.R., Silgram, M., Shah, N., Morrow, K. and Broadmeadow, S. 2011. Woodland for Water: Woodland measures for meeting Water Framework Directive objectives. *Forest Research Monograph*, 4, Forest Research, Surrey (156 pp).

Nisbet, T.R., Thomas, H. and Shah, S. 2011. Short Rotation forestry and Water. In: McKay, H. (ed.). Short Rotation Forestry: review of growth and environmental impacts. *Forest Research Monograph*, 2, Forest Research, Surrey (212 pp).

## Publications from other organisations/peer-reviewed journals

Calder, I.R., Harrison, J., Nisbet, T.R. and Smithers, R. 2008. Woodland actions for biodiversity and their role in water management. *The Woodland Trust*, Lincolnshire (24 pp).

Calder, I.R., Nisbet, T.R. and Harrison, J.A. 2009. An evaluation of the impacts of energy tree plantations on water resources in the UK under present and future UKCIP02 climate scenarios. *Water Resources Research*, 45, W00A17, doi: 10.1029/2007WR006657.

Nisbet, T.R. and Thomas, H. 2006. The role of woodland in flood control – a landscape perspective. In: *Water and the landscape: the landscape ecology of freshwater ecosystems. Proceedings of the 14th Annual IALE(UK) Conference*, Eds. B. Davies & S. Thompson, p118-125. IALE(UK), Oxford. Somerset County Council website: [The Parrett Catchment Project](#).

Nisbet, T.R., Orr, H. and Broadmeadow, S.B. 2008. Using woodland for soil protection and sediment control. In: *Proceedings of the SAC and SEPA Biennial Conference on Land Management in a Changing Environment*, Edinburgh, 26-27 March 2008, pp 84-90.

Nisbet, T.R. and Thomas, H. 2008. Restoring floodplain woodland for flood alleviation. *Final report for the Department of environment, food and rural affairs (Defra), Project SLD2316*. Defra, London.

Nisbet, T.R., Thomas, H. and Broadmeadow, S.B. 2008. Trees and Water – A Forestry Perspective. *Journal of Practical Ecology and Conservation*, 7(1): 100-103.

Nisbet, T.R., Marrington, S., Thomas, H., Broadmeadow, S.B. and Valatin, G. 2011. Slowing the Flow at Pickering. *Final report for the Department of environment, food and rural affairs (Defra), Project RMP5455*. Defra, London.

Odoni, N.A., Nisbet, T.R., Broadmeadow, S.B., Lane, S.N., Huckson, L.V., Pacey, J. and Marrington, S. 2010. Evaluating the effects of riparian woodland and large woody debris dams on peak flows in Pickering Beck, North Yorkshire. In: *Proceedings of the Flood and Coastal Management 2010 Conference*. The International Centre, Telford 29 June-1 July 2010 (10 pp).

Shah, N.W. and Broadmeadow, S. 2010. Hydrological Benefits. In: Forest Research (2010). *Benefits of green infrastructure. Report to Defra and CLG*. Forest Research, Farnham.

Thomas, H. and Nisbet, T.R. 2007. An assessment of the impact of floodplain woodland on flood flows. *Water and Environment Journal*, 21: 114–126.

Thomas, H. and Nisbet, T.R. 2012. Modelling the hydraulic impact of reintroducing large woody debris into watercourses. *Journal of Flood Risk Management*, 5(2): 164–174.

Thomas, H. and Nisbet, T.R. 2013. Climate change adaptation in the Glasgow and Clyde Valley: Opportunity mapping for woodland creation to reduce flood risk. *Final Report to the Glasgow & Clyde Valley Green Network* (42 pp).

Vanguelova, E.I. and Nisbet, T.R. 2010. Protection of forest soils and water in a changing climate – management and policy challenges. In: *Proceedings of the SAC and SEPA Biennial Conference* held in Edinburgh 31 March – 1 April 2010; *Climate, Water and Soil: Science, Policy and Practice* (Eds. Crighton, K. and Audsley, R.), p146-152.
